

I SPECIFICATIONS OF MIG WELDING:

MIG Welding Equipment with accessories

Phase- Three Phase

Current- 50-350 A

Technology- Inverter Based, IGBT Based

Material of Construction: SS

Surface Treatment: Galvanised

Gas: Co2

Coil: 0.6-1.2 mm dia

Accessories: Co2 gauge, spatter removal spray, spanners.

II SPECIFICATIONS OF TIG WELDING:

TIG Welding Equipment with accessories

Phase- Three Phase

Current- 400-500 A

Technology- Inverter Based, IGBT Based

Material of Construction: SS

Surface Treatment: Galvanised

Gas : Argon

Accessories: SS, MS Electrodes, Argon gauge, Argon cylinder, Welding Shield, Spanner etc.

III SPECIFICATIONS OF GAS WELDING

MIG 195 Gas welding Equipment with accessories

Commercial oxygen cylinder

Gas Tank: to produce carbide gas

Capacity: 30kgs

Working Pressure: 25Mpa

Accessories: Gas, tools etc
