

Technical Specification:

Shade-O-Meter Test Apparatus as per IS 16008:2016

Sr. No. Specification Details

01. Machine design and construction as per IS: 16008 (Part-1 & 2).
02. MS body fabricated with 16 gauges or equivalent.
03. Machine having facility of light source, filters, sample holders and sensor.
04. Light transmitted throughout shade nets samples shall be measured by light sensors.
05. Min 60W light source.
06. Specimen holder as per standard.
07. PAR sensor and display, Filter and lenses as required.
08. Calibration Certificate (NABL)/Reference Material (NIST Traceable)
