सिपेट वाराणसी की भुल्लनपुर, 34 बीटी पीएसी में स्थित कार्यालय से मशीनों और उपकरणों तथा कार्यालय फर्नीचर और फिक्स्चर को सिपेट करसडा में स्थायी परिसर में स्थानांतरित करने के लिए अभिव्यक्ति की अभिरुचि / दर

Issue of EOI: 28/06/2023

Last Date of Submission: 04 July 2023 at 05.30 p.m.

About The Institute

Central Institute of Petrochemicals Engineering & Technology (CIPET) (formerly known as Central Institute of Plastics Engineering & Technology (CIPET)) was established in 1968 by Government of India with the assistance of United Nations Development Programme (UNDP) at Chennai. The main objective of setting up of this specialized institute was to develop manpower in different disciplines of Plastics Engineering & Technology as no similar institute was in existence in the country.

Today CIPET is a premier Academic institution for higher & technical education under the Ministry of Chemicals & Fertilizers, Govt. of India fully devoted in all the domains of plastics viz:- Design, CAD/CAM/CAE, Tooling & Mould Manufacturing, Production Engineering, Testing and Quality Assurance. CIPET operates from various locations spread across the country to cater the needs of the Polymer and allied industries.

CIPET: CSTS - Varanasi started its activities with the joint efforts of Govt. of India and Govt. of Uttar Pradesh with a special focus to provide academic and employment oriented skill development training to the Unemployed/Underemployed youths of Uttar Pradesh& to provide technical support service to plastics and allied industries.

By seeing the emerging need and growth of Plastics Industries in the state. CIPET: CSTS - Varanasi has started academic programme (DPT, DPMT) along with the Skill Development Programme for meeting the upcoming needs and demands of the unemployed youths of Uttar Pradesh in particular and enhance their technical skills & providing them Self Wage employment for bringing them to the main stream.

CIPET: CSTS - Varanasi will be providing training and technical consultancy services in the field of Design, CAD/CAM/, Tool Room, Plastic Processing and Testing. The centre has following specific objective in various areas of Skill Development, Technology Support Services, Academic and Research (STAR).
